DVPix International

We have 25 years experience in the arts of digital photography, video productions and award-winning six colour print materials including large format publications for the Olympic Winter Games.

DVPix specializes in digital catalogue photography suitable for the web and has worked for high volume accounts like Pedersen's Party Rentals who won the E-Web Gold Award for "Best Web Site" from 7000 members world wide.

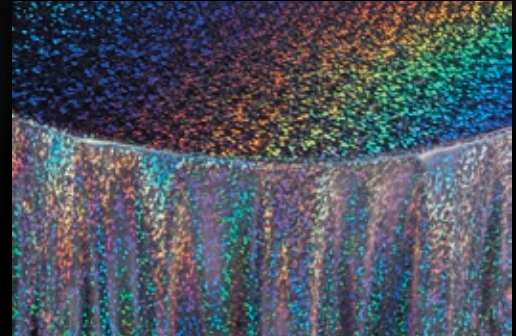

DVPix has 30,000 stock photographs on file and extensive video footage from around the world to enhance most production requirements. We use Adobe Photoshop CS for photo editing, Final Cut Pro HD for video work, Peak Audio for sound mastering and Adobe InDesign for page layouts. DVPix works closely with our clients and their art directors or ad agencies to ensure high quality results.
